ALL SURFACE RENTAL SOLUTION

Microfibre effectively clean surfaces, including floors, utilising the HACCP color coding to prevent cross-contamination.

This system designates specific cleaning equipment for use in their designated areas, minimizing the risk of spreading harmful pathogens. With this approach, we prioritise safety and cleanliness, ensuring that our cleaning process is both efficient and effective. AlSCO Uniforms 100% upcycled cloths now have a sustainable afterlife as well. When they reach the end of their useful life, AlSCO sends them off to be recycled into innovative new products, contributing to a circular economy and reducing waste!
