READY TO ENSURE YOUR EMPLOYEES AND VISITORS ARE KEPT SAFE, HEALTHY, AND FEELING CONFIDENT IN YOUR BUSINESS

Fresh & Clean's Washroom Hygiene systems ensure your business maintains clean, germ-free washrooms, enhancing your reputation and safeguarding the health of your staff and customers. Our hassle-free service includes installation, maintenance, and cleaning of essential washroom systems. With high-quality solutions that reduce the spread of germs, our friendly, trained staff provide regular, flexible service tailored to your needs.

A HYGENIC WASHROOM CREATES A LASTING IMPRESSION

The cleanliness of your washrooms speaks volumes about your business. It impacts the morale and health of your staff and visitors. Fresh & Clean offers a wide range of highly effective, regularly maintained washroom services to keep your business in top shape.

WASHROOM HYGIENE

YOUR SOLUTION TO A FRESH
& CLEAN WASHROOM

Air Fresheners

Our automatic air fresheners feature a sleek, tamper-proof design in white or black

Customise settings via remote to control fragrance up to 70 cubic meters. Choose from natural, odour-neutralising, and pest-control refills. We also offer two alternative air freshener options.

Sanitising Spray & Wipes

Convenient and long-lasting, our toilet seat sanitisers keep your washrooms safe, fresh, and germ-free

These wall-mounted dispensers, available in white or black, eliminate 99.99% of bacteria with high-power antibacterial liquid or wipes.

Nappy Disposal

A simple, effective solution for discreet, hygienic nappy disposal in any washroom
Our service offers large-capacity, hygienic containers with regular maintenance, ensuring convenience for families using your facilities.

Urinal & Toilet Sanitisers

Automated units eliminate bacteria and odours, provide fragrance, clean surfaces, and prevent scaling

Compatible with most plumbing.
Available in white or black.

Feminine Hygiene & Period Care

Our range of sanitary solutions ensures comfort and peace of mind for employees and visitors

Disposal Unit ¹

Fresh & Clean's eco-friendly liners eliminate odours. Available in three size options with manual or automatic lids.

Libra Dispenser ²

Free period support for your staff and visitors, providing individual pads and tampons.

New! Period Care Box ³

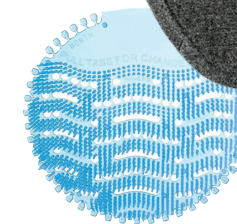

Made from 50% recycled plastic and 100% carbon neutral. This splash-proof refillable box is suitable for up to 10 people. A quick and easy way to provide essential period care.

Urinal Mats

Avoid cross-contamination and maintain a hygienic restroom with our quality slip resistant mats

Made from 100% recycled, anti-microbial materials, they suppress odours for up to a month, help prevent slips and falls and protect your floors.

Urinal Deodorizers

Freshen and sanitise your urinals with every flush

These scented pads reduce odours, neutralise uric acid, and combat bacteria, ensuring a pleasant, hygienic restroom. Easy and long-lasting for effortless maintenance.

PASSIONATE ABOUT YOUR HYGIENE NEEDS

At Fresh & Clean, we ensure your washroom hygiene needs are tailored to fit seamlessly with how your business operates.

A DEEP CLEAN SERVICE FROM FRESH & CLEAN LEAVES THE MOST DIFFICULT, AWKWARD AREAS OF YOUR WASHROOM SPOTLESS, SPARKLING, AND BACTERIA-FREE.

Urinal bays, toilets, shower cubicles and basins are difficult to clean - normal cleaning simply isn't enough to keep your washrooms safe and presentable for your visitors. A Fresh & Clean Deep Clean uses an environmentally friendly chemical and is as thorough as possible, removing even the most deeply encrusted dirt, mould, mildew and fungi from the most awkward spots - even under taps and S-bends.

BIOLOGICAL TREATMENT

Biological Treatment provides your washrooms with a revolutionary new solution to keeping them sparkling clean and safe with minimal effort.

Low water flows contribute to the growth of bacteria in liquid which sits and stagnates. As these bacteria breed and multiply they cause unpleasant odours.

This unique pro-biotic solution eliminates nasty microbes, dirt and odours. The positive effects can be seen within 24 hours. Regular servicing keeps traps and pipes unblocked, hygienic and may result in a reduced water consumption.

Urinal System

Fits in most urinals with some modification. Great for waterless, individual or long run steel urinals. Immediate results are easily demonstrated.

Floor Drain Service

Fits underneath existing floor drain covers, comes in a range of sizes and fits most floor drains.
